INSTRUCTIONAL GUIDE

# JUTE COFFIN

## Your Jute Coffin Contains

**1.** The Base and handles **2.** The Head **3.** The Sides **4.** The Lid **5.** The Foot
**6.** Lid Screws

# STEP ONE

Place the base (1) and the sides (3) on the floor.

Take the first side (3) align all the fixed pegs with the holes. Once placed inside the holes pull the side back towards the foot of the coffin to lock it in place.

Repeat with the second side (3).

Your base should look like theimage on the ***right*** so far.

# STEP TWO

You will see a section for the head end to slot into.

Align the head (2) end pegs with the holes similarly to the sides. Once slotted in, your end should look like the image on the ***right***.
Repeat the same process and slot the foot (5) end pegs into place.

# STEP THREE

When the Head and Foot end is completed it is time to set the handles (1) correctly. Pull them through as they appear on this image.

Pick up each wooden handle pre-attached to the base and thread them through the rope holes. Shown on the image ***above.***

# STEP FOUR

Pick up the Lid (4) and place over the top. Align the lid pegs with the holes. Place the Lid Screws (6) through the holes and twist to secure.
